Dear Parents,

We have updated our Relationship and Sex Education Policy. We would welcome any feedback on this policy.

We invite you to complete the questionnaire to help us ensure that everyone involved understands what is being taught, when and how. It helps us develop a shared set of values between parents and the school.

We will take all feedback on board, however it is not possible to respond to each individual concern.

Once the policy has been formally agreed, we inform you via our regular newsletter and highlight any key changes that you should be aware of.

Kind regards

Mrs Richards

Parental Engagement on Relationship and Sex Education

Have you understood the statutory guidelines which state that students cannot be removed from Relationship Education and that they can only be removed from Sex Education until they are 15, after which the student can choose to attend if they wish?

I understand

I would like more clarification on this point.

Looking at the RSE plan, if you think that there are topics which are being taught too early, when the students are too young, please list those topics below.

Looking at the RSE plan if you think that there are topics which are being taught too late, when students would benefit from learning about it when they are younger, please list those topics below.

We appreciate that the topics above can be sensitive in nature, therefore would you appreciate a termly PSHE and RSE update in advance of sessions going ahead?

Agree

Neither agree nor disagree

Disagree

Any other comments you may have will be greatly appreciated.
